### INTENDED LEARNING OUTCOMES

On successful completion of this module a student will be able to:

1. Reflect on their own engagement with foreign cultural, behavioural and political issues and explain the extent to which they have established a mature personal standpoint from which the academic content of Year 4 can be better assimilated
2. Maintain an ongoing Reflective Learning Log to make a realistic assessment of their own personal growth throughout the study abroad period.
3. Identify and monitor their own development throughout the year abroad, using a framework of recognised graduate attributes. Gain verification of this development from the HE institution at which they are studying.
