

BA (Hons) Accounting & Finance.

This degree covers all main areas of accounting and finance in terms of practical application and critical appraisal. It is designed for those wishing to pursue a career as a professional, Chartered Accountant, but also suitable for those wishing to pursue other careers in professional accounting qualifications, finance, or business management. The programme is therefore an excellent choice for those wishing to follow Accountancy, as it offers a blend of theoretical and practical application, combined with accreditation from professional accounting bodies and exposure to a broader knowledge of finance, which is relevant to a wide range of other business careers.

If you wish to pursue a professional accounting qualification, you will receive partial exemption from the professional accounting bodies examinations. In each year of the course, you will study a combination of accounting and finance modules, as well as modules supplemented by other disciplines (such as economics, business law and mathematics).

This programme is aligned with ACCA, CIMA and ICAEW, and in doing so a minimum 40% pass mark for ACCA and CIMA, and 50% pass mark for ICAEW for each module is required for the student to qualify for these professional exemptions.

The BA (Hons) Accounting and Finance of UCLan Cyprus presents its unique partnership with the Association of Chartered Certified Accountants (ACCA), which is the globally reputed professional accounting body offering the Chartered Certified Accountant professional qualification. Through this partnership the students that register with the UCLan Cyprus BA (Hons) Accounting and Finance programme, will be automatically awarded, upon enrolment, with 9 exemptions from ACCAs Fundamental Papers, provided that they complete successfully their undergraduate studies in the programme. This unique privilege gives our students the opportunity to start, along with their university studies, the professional papers of the ACCA qualification. This opportunity makes them more competitive in the marketplace, as it gives them the space to complete both their BA (Hons) Accounting and Finance and their ACCA qualification in four years or shortly after.

Find out about all the other additional unique benefits of this partnership via the site of the programme at:

CAREER OPTIONS

Graduates who combine accounting and finance literacy with a broad appreciation of business economic issues are highly sought after by employers. They have a proven track record of succeeding in a range of employment sectors from accounting, finance and business. Few examples of companies currently employing our graduates are KPMG CY, Baker Tilly, MKS Chartered Certified Accountants, Minoshis Audit Tax Advisory LTD, A&P AuditQuality, Christos Makrides & Associates, K.Treppides & Co LTD.

Additionally, graduates master computational and calculation skills and techniques used in professional accounting practice; learn how to use specialized accounting software (such as Eurosoft Business, SAP Hana Fiori, and Powersoft 365 Accounting) and gain a direct advantage in the market because of their practical and technical appreciation of the accounting, finance and other commercial sectors.

This programme also provides a strong foundation for graduates seeking to enter other business and managerial functions (e.g. managing directors, consultants to private organisations and international organisations such as the World Bank, OECD and the EU), as well as related occupations such as insurance and banking, which have a strong business presence in Cyprus. High calibre graduates from the programme also have the opportunity to consider applying for an academic career in accounting by pursuing postgraduate and doctoral studies.

ACCREDITATION/LINK WITH PROFESSIONAL BODIES

The award is accredited for ACCA (9 exemptions), CIMA (8 exemptions) and ICAEW (8 exemptions).

The unique partnership with the Association of Chartered Certified Accountants (ACCA) provides significant privileges and opportunities for the students of the programme - find out more at:
