MODULE TITLE	WORK AS PRACTICE		
MODULE CODE	PV3981	CREDIT VALUE	20 CREDITS / 10 ECTS
CAMPUS	UCLAN CYPRUS		
SCHOOL	SCHOOL OF SCIENCE		

MODULE AIMS

The module aims to:

- Enable students to produce, or be involved in the production of, work relating to their chosen discipline.
- Allow students to gain experience practising their chosen craft.
- Increase employment opportunities, industry contacts, life skills and craft skills relevant to the work place.

MODULE CONTENT

The student will undertake work with client in an appropriate field. The student will produce, or be involved in the production of work relating to their chosen discipline.

For example, scripts for production, film or video for exhibition, broadcast or webcast, photographs for public exhibition or distribution.

The work will be undertaken in consultation and with the agreement of the client. The student will gain experience of practising their chosen discipline

In addition to work produced for the client the module will involve a component of self assessment, comprising of a journal and an essay.

INTENDED LEARNING OUTCOMES

On successful completion of this module a student will be able to:	
1.	Demonstrate employability and professional skills relevant to their subject area and related to current industry practices.
2.	Participate and engage within a broader practical context related to their subject area in order to develop professional relationships with others.
3.	Display an increased portfolio of professional work.

TEACHING METHODS

Supervised practice acquisition and group work within a workplace scenario.

Undertaking specified craft work for a client will lead to skill acquisition and increased employability.

Work that students produce can include scripts for production, film or video for exhibition, broadcast or webcast, photographs for public exhibition or distribution.

These practical projects will then be assessed.

The assessment strategy also involves the assessment of a reflective essay on the working experience.

There will be opportunities for formative feedback.

ASSESSMENT METHODS

This module is assessed through a Reflective essay on the working experience and a Practical Project.
