Website	<u>https://www.facebook.com/Social-Mediation-in-Practice-2019-2020-108013757284510/</u>

Project Objectives, Description and Impact (300 words max)

Continuation of social mediation in practice funded by the Institute for Citizenship, Society and Change (bi-communal):

This project provided capacity building for young people, professionals and stakeholders on social mediation as a tool for preventing and tackling community conflicts. These were all bi-communal and took place in Pyla, the buffer zone in Nicosia and Deryneia. This project also includes the establishment of the social mediator’s workshops.
