# Post-Covid era Challenges ahead for the Cypriot Companies

## Abstract

Covid-19 has turned the page to a new thinking and a new way of doing business.

- ◆ Will the Cypriot companies manage to navigate themselves in this new environment?
- ◆ Will they adapt fast enough from what it was to what it should be?
- ◆ Will they be able to secure the necessary resources to do so?
- ◆ Will the CY platform enable them to continue competing and prospering in the new arena?

*"To these challenges, I answer, YES. Please join us during the webinar where I intend to expand and justify my optimism".*
