WELCOME TO UCLAN CYPRUS

WELCOME ADDRESS
BY THE RECTOR,
PROF. IRENE POLYCARPOU

A warm welcome to UCLan Cyprus,
the innovative British University of Cyprus.

Since its establishment in 2012, UCLan Cyprus has positioned itself firmly at the forefront of higher education and research in Cyprus and abroad. UCLan Cyprus is committed to academic excellence and in offering higher educational services to cater the growing and continuously evolving needs of the society. Our aim is to prepare students to become future leaders, competent and ethical professionals, possessing the ability to work in a global environment.

The University's vision is to be recognised as a world-class, research-led University, competing successfully and sustainably within a national and international market. To achieve its vision, the University's strategic development areas are based on three main pillars, which they are all gracefully combined.

These pillars are:

- *Education: focusing on high quality lifelong education through the offering of innovative programmes and curriculum as well as outstanding student experience and development.*
- *Research: focusing on interdisciplinary research projects with wide impact, high quality publications and development of a strong research community.*
- *Service and Outreach: focusing on the University's engagement with the wider community and transfer of knowledge.*

Through a unique and innovative curriculum that reflects current and future industry practices and needs, we offer a wide range of Undergraduate and Postgraduate academic programmes in a diverse set of disciplines. Across all our programmes, we follow a methodological approach to curriculum development influenced by specific discipline standards and teaching and learning methodologies. Of course, even if we develop the most innovative curriculum, it cannot be successful unless it is combined with an effective curriculum delivery. Thus, for all our programmes, we ensure that curriculum delivery combines research informed and industry informed teaching, which prepares graduates for diverse careers in the international market. Beyond the facilitation of the development of students' course specific knowledge and skills, all our programmes aim at developing students' 21st century transferable skills, including collaboration, creativity, critical thinking, communication, technology literacy, leadership, independent thinking, self-motivation, professionalism and ethics. Nowadays such skills are considered necessary to succeed in a competitive and diverse global work environment.

Our curriculum is delivered by an outstanding group of scholars who are experts in their field and are internationally recognised for their knowledge, research output and contributions to the scientific community. Many hold esteemed appointments on governmental and European Union advisory committees and professional bodies, evidence of the high recognition of their work by their peers. Aside from their scientific contributions, academics transfer their knowledge to the community through the organisation of specialised seminars and trainings open to the public, especially for pressing matters that may be of concern to the community.

Of equal importance is the University's commitment to provide an exceptional student experience through engagement activities within and beyond the curriculum and through the utilisation of state-of-the-art facilities, educational technologies and effective educational pedagogies. To ensure this, the University has developed strong partnerships with industry, community and other organisations, which contribute to the development and delivery of course curriculum as well as student engagement activities within their discipline.

Our vibrant and diverse community of students, faculty and partners can provide a nurturing environment for all of us to learn, grow and achieve our aspirations.

STUDYING IN LARNAKA, CYPRUS

LIVING AND STUDYING
IN LARNAKA
ALLOWS STUDENTS
TO FLOURISH IN IDYLIC
SURROUNDINGS WHILST
RECEIVING A FIRST-CLASS
EDUCATION.

WHAT'S NOT TO LOVE!

Situated on the southern coast of Cyprus, Larnaka is well-known for its beautiful clean beaches, great food, and vibrant nightlife. It is the perfect location for a great student life and experience.

It's just 15 minutes drive from Larnaka's International Airport to the campus of UCLan Cyprus. A regular bus service is available from the city centre to the campus and vice versa.

Ayia Napa is east from Larnaka and is very famous for its sandy beaches and clear blue waters and of course, its vibrant nightlife in the summer season. Ayia Napa also hosts many restaurants, featuring both local and international cuisine.

THINGS TO DO

Outdoor activities are very common in Larnaka due to the fantastic Mediterranean climate. Water sports, swimming, snorkeling, fishing, walking, cycling and many other activities are available to students.

Interestingly, the crystal clear bays are unusually rich in underwater wreckages for you to explore. There are many qualified and licensed diving instructors and businesses along the beach areas. Inland, there are many historic churches, archaeological sites, museums, galleries, gardens and other tourist attractions. The most notable are probably the Larnaka Fort, built in 1625 on the seafront

and St Lazarus Church built in the 9th century. Natural sites for wildlife and beauty include the Salt Lake on the outskirts of Larnaka, a haven for migratory birds, including flamingos and other waders.

Horse riding, nature walks, camel rides and organised excursions are also available. Alternatively, our more adventurous students can enjoy a day trip inside or outside Larnaka by hiring bikes or quad bikes.

Enjoy your meal, coffee or drink at Makenzy, Phinikoudes, Dhekelia or City Centre, all located within a relatively short distance from the University. Larnaka's Metropolis Mall offers a wide range of shops and restaurants where you can spend your free time or even your break between classes.

#UCLANIANS STUDENT LIFE

Over the past few years,
#UCLanians have been unstoppable!

They said yes to new adventures and reached the highest peak of Troodos Mountains and the highest point of Greece.

They even managed the impossible and hiked in Kutaisi Mountains, Georgia experiencing 3 different temperatures.

#UCLanians won the National Competitions of Judo and University Sambo Championship. They accepted Dorians Challenge, participated in the Larnaka International Marathon for three consecutive years and willingly contributed to cleaning Cyprus' beautiful beaches in just one day with Let's Do It Cyprus. Apart from lectures, tutorials and assessments, #UCLanians' academic calendar includes fun events, parties, clubs and society activities, charity or fundraising events and participation in eminent conferences, and guest lectures.

#UCLanians

UCLanians also have the chance to participate in European and International events and conferences, gaining unique experiences that will guide them throughout their academic journey and personal life.

#UCLanians promise you a great student experience while you are studying at the only British University of the island.

To find out more, follow #UCLanians on Facebook, Instagram and TikTok.

Join our Student Clubs & Societies or start your own one today!

Think of hobbies and interests you have and find 8-10 fellow students who share a similar interest. Visit the Student Support Services and we will help you 'spread the news' and assist you in setting up the club/society.

WORLD-CLASS FACILITIES

AT THE CUTTING EDGE
OF TECHNOLOGY

THE BRITISH UNIVERSITY OF CYPRUS

The University of Central Lancashire Cyprus is set in a modern, purpose-built University campus with state-of-the-art academic and operational facilities.

It incorporates all of what Audio Visual (AV) has to offer in education, but also in the ever-growing professional communication world, such as distance learning facilities, high-end presentation solutions and innovative multi-use spaces.

Students learn in meticulously designed lecture theatres, specialised labs, a moot court room, lecture rooms equipped with smart podium screens, seminar rooms and accommodating teaching spaces. Individual and group study spaces allow students to work alone or collaborate on projects.

Our IT infrastructure provides more than 300 software applications, loan of laptops, and free Wi-Fi across the campus. The University of Central Lancashire Cyprus (UCLan Cyprus) has also won the sought-after title of the 'Most InAVative Education Facility' at the prestigious Europe, Middle East and Africa (EMEA) InAVation Awards, and triumphed over 30 competitors, as well as shortlisted projects from four other University finalists based in England, the Republic of Ireland and Russia.

Audio-visual highlights include smart podium monitors in every classroom, which allow presenters to annotate or draw freehand onto a projected display without the need for a whiteboard and pens.

A video conferencing system allows live streaming, while the entrance foyer video wall is capable of displaying content up to four times full HD video.

Students have the opportunity to study in an environment that suits them, whether it is in the welcoming library or in social areas around the campus.

All online facilities can be accessed off campus and anywhere in the world through the internet.

LIBRARY

The Library provides a comfortable, flexible working environment, boasting a student portal leading to all online resources, access to 300,000 UK and Cyprus e-books and e-journals. It offers a wealth of excellent learning resources, extensive collections of information sources and expert support from our Library team.

In addition to these thousands of books, audio-visual materials and journals, the Library also provides self-service issue and return facilities, online library catalogues, a silent study room and training PC labs with a laptop loan scheme available to all students.

MOOT COURT

UCLan Cyprus is the first University in Cyprus to have its own Court Room. It has been designed to reproduce not only the look and effect of a real court room, but also court rooms of the future.

Fully IT and AV-equipped, with both counsel and judge able to portray their evidence, representations and remarks onto three large projector screens, the Moot Court Room is ideal to be used for practice, training, debating, interviewing, negotiation, advising and arguing.

SPORTS LAB

The University of Central Lancashire Cyprus Sports Lab incorporates the latest technological advancements in the sport and exercise fields. In addition to its teaching activities, the UCLan Cyprus Sports Lab provides a full range of tests, metrics and exams to athletes of all abilities and sports, from beginner to professional levels, including ergometric tests delivered by accredited Sport and Exercise Scientists.

COGNITION & DEVELOPMENT PSYCHOLOGY LAB

An innovative lab for all Psychology students following the strict guidelines of the British Psychology Society (BPS). The Cognition & Development Lab of the University of Central Lancashire Cyprus is second to none and includes a dedicated student area, offering a unique experience on real case studies and psychological experiments, a conference area, which accommodates guest lectures from professionals of the industry, and a child observation suite with a one-way mirror.

ENGINEERING LABS

Engineering Laboratories support the BEng (Hons) Electrical & Electronic Engineering programme. The Electronic Engineering lab is equipped with workbenches and all the necessary state-of-the-art equipment (oscilloscopes, signal generators, probes, analysers, etc.), computers and machinery for students to practice in Electronic Circuits, Digital Electronics, Telecommunications, Microprocessors, Sensors, Programmable Logic, Robotics etc. The laboratory offers a unique hands-on experience for the students which involves all the steps of building electronic systems such as the design, the simulation, the prototyping and the testing.

The Electrical Engineering Lab is intended to emulate a real domestic and/or industrial setting in which students can perform an electrical installation and have a unique hands-on experience in wiring, circuit boards, AC and DC motors, generators, renewable energy sources etc. The lab is also equipped with Electromechanical Training Systems for practical work on Power Systems on topics such as Power Generation, Power Transmission and Power Consumption.

MEDIA STUDIO

Our UHD/4K ready, broadcast standard Media Studio, provides our students with multiple opportunities to be creative, producing a body of work that showcases the breadth of their diverse craft skills. It provides access to state-of-the-art TV and Media Production technologies and equipment required for the production of high-quality TV, Radio and Digital Media Audiovisual Content. It is a highly flexible environment where all audio and video feeds can be configured via hardware and software routing.

The live recording room features autocue equipped UHD/4K studio cameras on broadcast specification pedestals. The control room contains a full complement of digital vision equipment including video manipulation, tapeless recording, graphics software and a multi-channel digital audio mixer.

GENERAL VISA GUIDELINES

All documents will be evaluated by the Migration Department and the Ministry of Education. The decision will be communicated directly to the University and the Admissions Office will inform the student.

WHEN TRAVELLING TO CYPRUS

Upon arrival at Larnaka airport, students will be required to present to the Immigration Authorities the following:

1. Original passport
2. Copy of the Entry Permit (student visa)
3. Offer Letter by the University
4. Receipt of Payment of the Deposit to the University
5. Cash money minimum €2,000
6. Original Police Certificate

UPON ARRIVAL IN CYPRUS

The student visa, called entry permit, is valid for travelling to Cyprus and only for a limited number of days after arrival; therefore, it must be renewed immediately. Failure to do so, may result in cancellation of your student visa. More information can be acquired by contacting the Student Support Department of the University at internationalvisascyprus@uclan.ac.uk

All students must open a Bank account with a local Bank and deposit a minimum of €1000. A UCLan Cyprus student registration letter, a Housing Contract (attested by Notary Public or the Community Council president), your passport and a copy of your Police Clearance certificate, should be presented to the bank when opening a bank account. Do not forget

to ask for a statement of the account once you have deposited €1000. All medical tests including the x-ray must be re-done once the student arrives in Cyprus.

VISA RENEWAL FEES

For the renewal and application of the Temporary Residence Permit (Pink Slip), the following (approximate) charges are applicable and payable to other Organizations / Authorities (not to the University):

1. Pink slip application fee €35
 2. Alien book fee €70 (once off)
 3. Medical Insurance €130
 4. Medical tests €60 (once off)
- Total €295

MIGRATION REGULATIONS

According to the Cyprus authorities, students must attend their classes regularly. Students who do not register for an academic year will have to depart from Cyprus.

STUDENT ACCOMMO DATION

THE STUDENT'S NEST

The Student's Nest was specifically built to complement UCLan Cyprus state-of-the-art Campus, aiming to meet the accommodation needs of the students of UCLan Cyprus.

The location is ideal, located within the University campus, with all the facilities and advantages offered to UCLan Cyprus students.

Student's Nest, with its 171 en-suite rooms, provides students with a modern, comfortable and safe environment for a pleasant student life. It is sprawled over an area of 5,500 square meters and consists of 5 blocks with a total of 49 flats.

FACILITIES

Wi-Fi in all areas
 On-site coin operated launderette
 24-hour closed circuit television (CCTV)
 Personal Safety - 24 hours security service
 Controlled electronic entrance for safety
